

## PREVENTING EXTREMISM AND RADICALISATION POLICY

### **Ethos and Practice**

When operating this policy we use the following accepted Governmental definition of extremism which is:

'Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs; and/or calls for the death of members of our armed forces, whether in this country or overseas'.

- There is no place for extremist views of any kind in our setting, whether from internal sources -children, staff or management, or external sources - school community, external agencies or individuals. The children see our setting as a safe place where they can ask questions about the world and where our staff encourage and facilitate these opportunities.
- As a setting we recognise that extremism and exposure to extremist materials and influences can lead to poor outcomes for children and so should be addressed as a safeguarding concern as set out in this policy. We also recognise that if we fail to challenge extremist views, we are failing to protect our children.
- We aim to provide a broad and balanced early year's curriculum, delivered by skilled professionals, so that our children understand and become tolerant of difference and diversity and also to ensure that they thrive and feel valued and respected as individuals.
- Children can be exposed to extremist influences or prejudiced views from an early age which originate from a variety of sources and media, including via the internet. There may be times when children may reflect or display views that may be discriminatory, prejudiced or extremist, including using derogatory language.
- Any prejudice, discrimination or extremist views, including derogatory language, displayed by children or staff will always be challenged and where appropriate supported through discussion with children and their families and the Code of Conduct for staff.

- Where misconduct by a member of staff is proven the matter will be referred to the Local Authority.

As part of wider safeguarding responsibilities setting staff will be alert to:

- Disclosures by children of their exposure to the extremist actions, views or materials of others outside of the setting, such as in their homes or community groups.
- Graffiti symbols, writing or art work promoting extremist messages or images
- Children exposed to extremist material online, including through social networking sites
- Parental reports of changes in behaviour, friendship or actions and requests for assistance
- Local authority services, and police reports of issues affecting children in other schools or settings
- Use of extremist or 'hate' terms to exclude others or incite violence
- Our setting will closely follow any locally agreed procedure as set out by the Local Authority and /or the Safeguarding Children Board's agreed processes and criteria for safeguarding individuals vulnerable to extremism and radicalisation.
- The village hall is responsible for venue hire arrangements, but Pre School will ensure the building is free from any material that promotes extremist, ideological, religious or political beliefs. Any material found would be removed immediately and reported to the village hall committee.

### Teaching Approaches

- We will ensure our teaching approaches help children to build resilience to extremism and give them a positive sense of identity through Personal, Social and Emotional development and the promotion of critical thinking. We will aim to ensure that all our staff are equipped to recognize extremism and are skilled and confident enough to challenge it in a way appropriate to the child's age and level of development.
- We will facilitate a 'safe place' for children to speak confidently and openly about any worries or concerns they may have concerning their safety and will equip our children with the appropriate skills to become self-assured young people.

- This approach will be embedded within the ethos of our setting so that children know and understand what safe and acceptable behaviour is in the context of extremism and radicalisation. Our goal is to build mutual respect and understanding and to promote the use of dialogue not violence as a form of conflict resolution.
- We will work with local partners, families and communities in our efforts to ensure our setting understands and embraces our local context and values in challenging extremist views and to assist in the broadening of children's experiences. We will help support children who may be vulnerable to such influences as part of our wider safeguarding responsibilities and in such instances seek external support from the Local Authority and/or local partnership structures working to prevent extremism.
- At our setting we will promote the values of democracy, the rules of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs. We will teach and encourage children to respect one another and to respect and tolerate difference, especially those of a different faith or no faith.
- Where there are concerns of extremism or radicalisation children and staff will be encouraged to raise any issue in confidence to - Prevent- Single Point of Contact/Designated Safeguarding Lead.

### **Safeguarding**

- Staff at our setting will be alert to the fact that whilst extremism and radicalisation is broadly a safeguarding issue there may be some instances where a child or children may be at direct risk of harm or neglect. For example; staff may be aware of information about a child's family related to extremism that may place a child at risk of harm. Therefore all adults working in our setting (including visiting staff, volunteers' contractors, and students on placement) are required to report instances where they believe a child may be at risk of harm or neglect to Designated Safeguarding Lead,(as above.)

### **Role of the Lead Safeguarding Practitioner/ Prevent Single Point of Contact**

Please see appendix B of the safeguarding policy
