

## BRANSTON PRE-SCHOOL CENTRE

### SEPARATED PARENTS POLICY

Branston Pre-School understands that around half of our children don't live with both their parents. We are committed to working in partnership with both parents for the benefit of their child.

What you can expect from us:

- We will always put your child's best interests first
- We will be open, honest and transparent
- We will not pass messages or take sides
- We will ensure both of you receive information about your child's involvement with our services in a way that suits you. We appreciate you may not always want this information in exactly the same way so please let us know if you prefer email, text, letter etc

What we expect from you:

- You will always put your child's best interests first
- You will not use our staff to pass messages and will not ask staff members to take sides
- You will work together to ensure your child has timely access to learning, equipment or resources they need
- You will treat one another and us in a respectful and courteous way during meetings
